

# Enjoying SOUTH AFRICA on a motorbike

As soon as the harsh winter in Europe arrives, South Africa starts getting comfortably warm, with almost endless sunshine.

This country way down south in Africa offers; beautiful cities, uncrowded coastlines, high mountains, vast deserts and tropical nature as well. Here, you can enjoy a variety of sealife and wildlife in game reserves.

Driving on a motorbike is the perfect way to make contact with, the very friendly, local people. Guests will be wined and dined with delicious cuisine and the best wines, from the Western Cape. Cape Town, is its capital.

We offer tours on rented motorbikes to explore all from CAPE TOWN to JOHANNESBURG and the famous GARDEN ROUTE.

Please don't hesitate to contact us in English for more information concerning tour details and availability of motorbikes.
